

VOLUNTEERING

The club always needs volunteers.

The club has relied upon a fairly small committee for numerous years and as Committee Member's children get older and progress out of the Mini or Junior sections, these Committee members will, obviously, leave the committee.

We are sure you appreciate how the club is run and may take it for granted that there will be someone there every Sunday to open the club; man the car parks; have bought and cooked the bacon and sausages; sell you the kit; have arranged a fixture or entered the team into a tournament, not to mention the coaching, managing and registration of the players.

Every one on these jobs (and many more within the club) is done by a volunteer and often includes a lot of work behind the scenes away from what you see on a Sunday morning. There are courses to attend, CRB forms to get completed, the section needs to be represented at various meetings both within the club and within the rugby community in the area, all of this takes time and commitment on top of every volunteer's day job and family life. For the club to continue to function we always need more help and support.

If you feel that you could give any time to help to run the section, please speak to any member of the Committee, your coach or team manager or any of the volunteers you see around the club.
